

CURRICULUM VITAE

Aminul Islam

PUBLICITY & ACCOLADES

"[Aminul Islam] displays his prowess by creating user-friendly yet attractive and functional sites that serve their respective audiences well. Simplicity most commonly marks Leggat's sites, and could be called his signature design feature. With an ultra-modern look and feel, he also exhibits a restraint that contrasts with his often bold use of color. His design appears innately classical rather than trendy and Faddish."

*Technology World / Internet Magazine
Developer & Designer - Simplicity*

PERSONAL PROFILE

I have been using computers for almost 15 years and I have gained an excellent knowledge in all areas of Web Development, Web design, computers and the internet. I am very passionate about the web development industry I am involved with and am proud to be considered a best web developer and web designer. I want to achieve worldwide recognition for my work.

I see one of my major strengths being my adaptability. I am able to jump easily from being a designer, to a coder, to software and hardware technician, to decision maker. This adaptability can also be seen in my web development and design work where I am able to handle any task I'm given, be it web, multimedia, motion, branding, or print.

CAREER HISTORY

FREELANCE WEB DEVELOPER & GRAPHIC DESIGNER — July 2011 to present

MY WEB CREATIONS. — June 2010 to June 2011

Web Developer & Graphic Designer

It's no easy task to work as a developer & designer, maintaining the high level of professionalism and still delivering the expected quality of work, but it's something that I was able to attain and indeed shine in. Our company quickly became one of Denmark's popular web and design solutions companies with an impressive client list and first-rate body of work.

My roles within the company were extremely broad, ranging from creative, technical, web development, design and client contact. I have proven myself to be an all rounder, but with a passion and flair for creative web development and design.

WEBHOUSE DENMARK — March 2008 to March 2009

Web Developer & Graphic Designer

It was nice to start work as a developer and designer at webhousedenmark. During that time I worked as both web developer and designer. I developed website with PHP, AJAX, HTML/CSS, JAVASCRIPT AND JQUERY. I also developed custom Content Management System for the client and provide creative design for Brochure, Booklet, Website and Menu card.

UNIVERSAL ENGINEERING & TECHNOLOGY CO. LTD. — January 2006 to January 2008

Senior Web Master

At the time, this was a dream job for me, working in the exciting field of web development. I was taken on to build their website and maintain CMS facilities as I'd had extensive experience with the CMS system they were using. My main tasks included develop and maintain the project and company worker data on the website through Content Management system.

In this role I performed a huge range of tasks including setting up in-house servers, networking and other technical work.

PUBLICITY & ACCOLADES

“Aminul has done an amazing amount of work... he really understands navigation and it shows in every site.”

“Not only is the navigation clear and easy to use, it is also an integral part of a beautiful design.”

“This is a beautiful page, but the designer has not sacrificed navigation ease for beauty... wonder – fully executed.”

-Web Technology world Blog

FURTHER EDUCATION

I find the internet, with its vast library of information, to be one of the greatest places to research, study and expand my skill set. However since finishing high school, I have completed the following courses at the Auckland University of Technology (formerly known as Auckland Technical Institute).

Bachelor in Web Development Class of 2012 (running)
AP (Academic Professional) Degree in Multi-Media Design
– 2 years
Post Graduate Diploma in Computer Science & Technology

Certificate in Advanced Graphic Design – 1 years
Certificate in Computer Programming – 6 months

DEVELOPMENT SKILLES

I have been working with PHP, XHTML, HTML5 and CSS3 extensively since 2008 and consider myself to be an expert user. I also love to work with C# and JAVA for mobile apps.

PERSONAL MILESTONES

15 years

Using computers

7 years

*in the web technology
industry*

3 year *Freelance*

Developer & Designer

SOFTWARE PROFICIENCY

I have extensive knowledge of many software applications. Listed are those which I use on a regular basis:

Adobe Photoshop

I have been using Photoshop extensively since 1995 and consider myself to be an expert user. I use Photoshop for creating layouts for most of my designs as well as retouching and manipulating photos.

Adobe Dreamweaver

I've used a range of HTML authoring software but Dreamweaver has been my choice for 7 years. When necessary I can also handcode.

Adobe Illustrator

Although I am more comfortable with pixels rather than vectors, I have had plenty of experience creating layouts, illustrating and designing with these applications.

Adobe InDesign

This is my preferred application when it comes to laying out multiple page documents, though I have some knowledge using Quark Express too.

Adobe Flash

I have created many diverse projects in Flash including websites, games, galleries, banner advertisements, CDROMs and Presentations.

Visual Studio

I have also excellent knowledge about the visual studio.

Other Skills

I have pretty good knowledge of the following Area's:

Wordpress, Joomla, Drupal, MySQL, Magneto, Zen cart, DNS Setting and Server and SSL Certificate.

Thanks for taking the time to look over my curriculum vitae. If you haven't already done so then please visit my portfolio at:
